Dear

STATINTL

I have recently been made aware of the outstanding services rendered to the Army Map Service (AMS) by [redacted] your specialist for Southwestern Europe and areas of Africa. I wish to express appreciation for these services.

STATINTL

[redacted] has an unusually keen awareness and interest in AMS needs for mapping, geodesy and related materials. This awareness has been gained largely on her own initiative. Rarely does a day pass without [redacted] contacting AMS to make us aware of material and information of interest. She has often responded to urgent AMS requirements and has always met deadlines. Her manner is consistently obliging and her efforts are always efficient.

STATINTL

[redacted] is invaluable to Army Map Service collection activities. Her assistance over the past 18 years is truly outstanding.

Best personal regards.

Sincerely,

W. H. VAN ATTA
